We partner with you at every stage of construction to ensure the final outcome mirrors your vision combining structural integrity with exceptional workmanship.

ABOUT US

At Ta'meer, We Are

Revolutionizing the construction and contracting industry through our innovative Design-Build approach, we are committed to efficiency and excellence. We streamline the construction process to save time and reduce costs for our clients.

A company with a strong reputation for delivering quality services on time and at competitive prices.

OUR METHODOLOGY

Design / Build Delivery

Unlike traditional methods, our **Design/Build** approach integrates cost estimation early in the design phase, allowing for a seamless transition into construction. This method not only saves time but also reduces the need for redesign ensuring faster project completion.

OUR PROMISE

Quality and Integrity

At the heart of Ta'meer lies a promise to deliver quality construction services with the utmost integrity. We believe in building not just structures, but lasting relationships with our clients.

PROJECTS

BUILDING TOMORROW

A movement towards a smarter,
more integrated future in construction.

LAKE SIDE CO. HEAD QUARTERS

One Ninety Project - Land Mark Sabbour

Once the design phase is complete, our construction team takes over applying value engineering techniques to optimize project costs without compromising on quality.

This involves continuous evaluation of alternatives and innovative solutions to keep the project on budget and on schedule. Everything designed is backed by detailed specifications and fixed pricing.

ADMINISTRATIVE

OUR INTERIOR DESIGNERS

Are skilled in planning administrative spaces and business entities. With extensive experience in project management, our professional construction team ensures your project runs smoothly and professionally from the initial concept to the execution of final details.
